- Smallest portable reader
- Simple operation
- Versatile multi-system reader
- Low cost, economical scanning solution

# trovan<sup>®</sup> LID560ISO

Pocket Reader,  
Economy  
FDX-B

The LID-560ISO ISO Pocket Reader is a low-cost portable reader for applications that do not require maximum read range performance. Typical applications include dog breeders' individual operations and pet I.D. in veterinary practices. With its easy point-and-shoot operation, the Pocket Reader is designed for situations where no communication with an external PC or terminal is required. The reader scans a tag and displays the ID number on its LCD. A quick push of the button shows the last tag number read. The attached belt clip allows you to carry this small ergonomic unit with you on the go. The LID-560ISO ISO Pocket Reader will read TROVAN UNIQUE™ transponders, Destron FECAVA/HomeAgain transponders and their clones, as well as FDX-B transponders.

## OPTIONAL ADDITIONAL EQUIPMENT BT-570 Protective rubber boot

## DIMENSIONS

Width	69.8 mm (2.7 in.)
Length	125.4 mm (4.9 in.)
Height	24 mm (0.9 in.)

## WEIGHT

120 gr.

## SUPPLY VOLTAGE

9 V battery

## SUPPLY CURRENT

Antenna activated 173 mA

Antenna deactivated 26 mA

## BATTERY LIFE

Approx. 1 hour (continuous read)

## DISPLAY

LCD (2 lines x 16 characters)

## TYPICAL READING TIME

24 ms

## MATERIAL

ABS UL 94 H

## OPERATING TEMPERATURE

0°C to +70°C (32°F to +158°F)

## IDENTIFICATION CODE

64 bits, factory pre-programmed

## READING DISTANCE

ID-100	up to 50 mm (1.97 in.)
ID-200	up to 75 mm (2.95 in.)
ID-300	up to 45 mm (1.77 in.)
ID-400	up to 130 mm (5.12 in.)
ID-162	up to 50 mm (1.97 in.)
Destron clones	up to 25 mm (1 in.)
AVID encrypted	up to 30 mm (1.18 in.) (13 mm length)
